

Window Tinting 'Careful Spender' Guide – Page 1 of 3

A useful ten question guide that we recommend you print off and fill out to use as you call other window tinting companies.

Our customers tell us that **this guide helps you make an informed choice by comparing companies like for like**. You may call South Coast Tints and ask the same questions (please do so) and we encourage you to use these questions whilst you assess other potential installers. Many of our customers say that they didn't know what to ask when they called and felt a little unsure of the key points, so we created this useful guide to help you.

Your Vehicle Make: (i.e. Honda, Toyota, BMW etc.)					Model: (Golf, Mondeo, Clio, MX6 etc.)					Type: (3 Door Hatch, 5 Door Estate, 4x4 etc.)				
Fill out the columns below, use one column for each window tinting company...														
COMPANY DETAILS →			 Tel: 023 8033 6474 Contact Name : Phil			Company A Name:			Company B Name:			Company C Name:		
			Tel :			Tel :			Tel :					
			Contact Name :			Contact Name :			Contact Name :					
1. Do you offer a 'No quibble money back guarantee'?			Yes											
2. Do you take my windows out and/or remove any door cards to complete the install?			No. We have mastered techniques that allow us to install our films without dismantling your vehicle. No new squeaks or rattles after our installation, this is just one of the many reasons why main vehicle dealerships love us!											
3. What is the UK law relating to tinting windows?			FACT: No shade of any level may be installed on the front side windows. Only Safety/Security clear films may be installed on the front side windows.

4. What films would you use on my installation and do they have a scratch resistant coating?	We only use the best in the market our top film is Sungard offering a 5 year guarantee against any defect. All our films are scratch resistant; this is a very important factor for your safety. Cheap films may scratch very easily. Be aware!			
5. Do your films interfere with Satellite Navigation systems, TV's or Mobile phone signals?	Metallised films may interfere , however we don't use these films on vehicles with such equipment installed.			
6. Will your films change colour, fade or bubble over time?	Only cheaper films deteriorate fast like this, our films are guaranteed for 5 years.			
7. What would you do if I found bubbles in the film, or if I was simply not satisfied with the install, when I pick my vehicle up?	Our standard is of the highest in the country; Our focus on quality is 2nd to none. In the event there is a bubble during installation, we spot it not you and we will not be satisfied, thus we will re-do the window until we are happy, all before you drive away.			
8. Is my vehicle covered by your insurance whilst you work on my vehicle?	Yes , this is also very important for your piece of mind.
